

## Luminator Technology Group Launches New Software Suite: Luminator Suite

**PLANO, Texas – September 6, 2023.** Luminator is excited to announce the launch of their new software suite, Luminator Suite.

Luminator continues to create more effective ways for customers to manage and control their fleets. With Luminator Suite, the operation and maintenance of passenger information systems is easier than ever before. The new software suite allows information to be controlled through a single, web-based user interface. Users will now be able to manage their entire passenger information system in just one app. Other features include shortening the downtime of vehicles through easier configurations of destination messages, route numbers, and public information that can be transferred directly to the vehicle via WIFI or Cellular.

The Luminator Software Suite will be featured at the 2023 APTA Expo in Orlando, FL, October 9-11, 2023, at booth #3940.

For more information about Luminator Software Suite, please visit our website at [www.luminator.com](http://www.luminator.com).
